

On March, 8th there was a fellowship in some home groups.

In one of such home groups there was a meeting with a cup of tea. Brothers and sisters gathered to communicate. Brothers prepared for sisters small souvenirs on the occasion of womens day. Everyone brought the food prepared by the hands.

The pleasure filled hearts of the gathered people. Everyone could share about latest developments in life. Dialogue passed in cozy conditions. The church is a family which was created by God. Here you will find support, you will get the necessary help. Difficulties and experiences will be replaced by pleasure and gratitude to God for His love and mercy to all people.
