

On January, 7th on the Christmas service the performance "He has come as the stranger" has been shown with participation of children of Sunday school.

Christmas is an especial holiday. The Savior - our Lord Jesus Christ has been born in the world . He was the Son of God, but He has been born in a shed, and the first people, who came to Him to bow, were simple people - shepherds. Jesus was unknown for the well-known people of that world, but now He is well-known as the King of kings and the Lord of lords.

Christmas service began with performance "He has come as the stranger" which has been prepared by children who are engaged at Sunday school. It is the story about the king which, having changed clothes in the simple peasant, has come to people. For them he was simply the stranger. Nobody knew the king in him, but people saw his gentle heart. The stranger was kind, showed love to people. He loved the Lord and told about Jesus, about His unusual birth. He showed why Jesus Christ came to this world - to suffer on a cross for sins of people and to grant them rescue.

So it has turned out that Jesus, like this king, also came as the stranger. Upon termination of

performance in the sermon of the pastor we also heard many interesting things about this wonderful event.

You can see the performance on this page:
