

On March 23-25 there passed a regional youth conference.

It took place in Volochook Baptist Church. The youth from churches of our area gathered for fellowship.

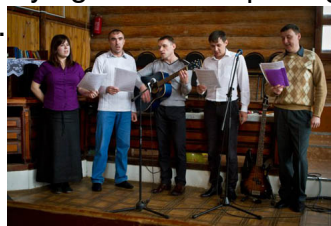

Larionov family from the Latvian city of Salaspils took part in conference.

At conference the youth received a big charge of cheerfulness. Larionov showed a striking example of service to the Lord.

This family also subdued all the fine chants glorifying God. Groups of glorification from Udomlya and Borovichi also took part in musical service.

In the evening there were testimonies on a subject "A God's miracle in my life" which the pastor of Volochook church Peter Gubenya suggested to share.

Participation of youth in Sunday church service very much encouraged church. The youth felt unity of all God's children, specially felt attention and care.

Big gratitude to organizers of conference, and especially cooks whom it is tasty all fed.
