

On November 25 sister fellowship took place in our church.

It was devoted to a Mother's Day. For communication the subject "Jesus - the Source of our inspiration" was chosen. Each of mothers wishes to be the best mother, to give love, caress, tenderness to the children. In Jesus Christ any woman finds a true source of spiritual forces and inspiration in finding of the desires.

Communication was accompanied by a thankful prayer to God, the application on wisdom in education of children, to be kind mother and the wife in the family. Sister fellowship proceeded tea drinking where sisters willingly shared testimonies of blessings which the Lord makes in their families.
