

The regional conference for pastors and leaders will be held on November 30.

The theme of the conference: "Countering the challenges of time". The goal is not just to identify challenges, but also to find ways to confront them. In the sermons to be prepared by the pastors of the churches of our Association, we decided to consider several directions of this opposition on our part.

First, it is the discrimination of false doctrines masquerading as Christianity, and the opposition to them in the Church. The sermon will be called "False teachings of our time, affecting the Church. How to recognize? How to resist?".

Secondly, let's talk about the depression of Ministers, so common in the Christian world today. The sermon will be called " Depression-the reality of today's Christianity. How not to fall into this state? How to get out of it?"

Thirdly, we will highlight the issue of evangelism, or rather, passive attitude to it. Why is there apathy on the part of the Church in the evangelism, why is there indifference to the souls of people in this matter? The sermon will be called "Apathy and indifference of the modern Church to active evangelism. The reasons for this condition. How to treat?"

The conference will be held in the Tver Baptist Church. Beginning at 11.00. End at 17.00. Registration starts at 10.00. Registration fee - 200 rubles per person.
